Information for Contractors and Vendors Working or Providing Services at Princeton University

All contractors and vendors are personally accountable for following these requirements while providing services on the Princeton University campus and/or in University-owned or leased buildings.

Listed below are the minimum rules for working on campus. Your supervisor may have additional requirements.

1. If you are sick, do not report to work at a Princeton University job site.

2. If you are tested for COVID-19 or leave work with any of the following symptoms, you must tell your supervisor:
   - Fever
   - Cough
   - Shortness of breath
   - Sore throat
   - Congestion
   - Body aches
   - New loss of smell or taste

3. Supervisors must share this information with their controlling contractor who will contact the Princeton University representative, such as the Field Manager or Project Manager.

4. If you have been diagnosed with COVID-19, do not return to a University work site until you have received permission from your doctor or local health department.

5. Face coverings are recommended for individuals who are not fully vaccinated in order to protect their own health and safety and the health and safety of others. Individuals who feel more comfortable wearing a mask may certainly do so; we encourage a culture of non-judgment and no assumptions regarding mask-wearing. Face coverings will continue to be required on TigerTransit and McCosh Health in accordance with state and federal laws.

If you have any questions about these requirements, please contact your supervisor.
