

Spotlight on Safety

Health and Safety News For The Princeton Community • Vol. II No. II, April 2018

Pedestrian and Bike Safety On and Off Campus

Princeton is a walk and bike-friendly community, but as recent tragedies remind us, the “orange bubble” is not immune to the dangers faced everywhere by pedestrians and bikers.

Whether on foot, on two wheels or when driving, there are important ways to keep yourself, and others, safe. **READ MORE »**

APRIL IS EARTH MONTH!

Greening Up The Lab: Sustainable Research Practices

There are many opportunities for researchers to practice an ethos of sustainability in the laboratory.

The most impactful of these center around the themes of conservation, waste reduction and good resource management.

Are you ready for

WATER

Drink plenty of fluids when working outside. Avoid alcohol, soda and caffeinated beverages.

REST

Take frequent breaks; pace yourself to avoid over-exertion.

SHADE

Work in shade if possible. If the sun is unavoidable, wear a hat, sunscreen and protective clothing.

The Heat?

Don't Just Ship... eShip!

Do you ship domestically or internationally from Princeton? Then you should be using eShipGlobal, an easy-to-use online shipping tool located on the **PRIME Marketplace**. Use eShipGlobal to set up shipments and

access low pre-negotiated rates with selected carriers.

Features of eShipGlobal:

- Create shipping labels
- Store credit cards for easy payment
- Receive inbound and outbound shipments to manage research collaborations
- Order supplies

Benefits of eShipGlobal:

- Simplified process
- Compare carrier rates
- Track current and past shipments
- Ensures export control compliance

Training modules for using eShipGlobal are available in the Employee Learning Center. To access the three-part training, go to the [eLearning page for Finance and Treasury](#).

Leaving So Soon? Lab Closeout Procedures

Planning to graduate or otherwise finish up research at Princeton this spring or summer? Here are some procedures to follow before leaving your lab space for good.

[LEARN MORE »](#)

If you are looking to dispose of an entire stock of chemicals, EHS may be able to arrange for help from our waste contractor. Please give advanced notice for scheduling.

For waste pickup requests, use our online waste removal request form: <https://ehs.princeton.edu/waste-pick-request>

Two New Safety Specialists Join EHS

Those who work frequently with EHS may have spied some fresh faces of late as safety specialists Brittany Armstrong and Sean Farrell recently joined the team.

Out & About: Greenspace Table, Health Fair

While not exactly a spring tour, EHS will be making appearances around campus in the next couple of months. We'd like to think we rock, so let's just call them gigs, shall we?

Greenspace

In honor of Earth Month, the Princeton Office of Sustainability is hosting a GreenSpace Table at Frist Campus Center during the month of April. The table, located by an exhibit highlighting **Campus as a Lab** research projects, offers a chance for different campus groups to highlight their own environmental initiatives.

Come visit EHS at the 100 Level of Frist on **April 24 and 26 from 11 a.m. to 3 p.m.** to hear about ways to "green up" the laboratory, with tips and strategies for making research at Princeton more sustainable.

Health Fair

The annual Health and Wellness Fair, sponsored by the Office of Human Resources, takes place **May 9 from 10 a.m. to 2 p.m.** at Dillon Gym. EHS will have a table offering fun activities and prizes around the theme of campus health and safety.

Hope to see you there!

SAFETY HEALTH INSPECTION and EQUIPMENT LOGISTICS DATABASE

shield.princeton.edu

Everything you need in one place.

SHIELD combines health & safety information about research groups, shops, departments, buildings, rooms, supervisors and researchers into one easy-to-use database. The database tracks training, equipment and inspection records, making them easily accessible for principal investigators, supervisors, managers and other designees to view, edit and track.

Upcoming Trainings April-June 2018

Healthy Computing

April 4 11 a.m.-12 p.m. Frist Campus Center, Room 114

Emergency Coordinator Training

April 6 9:30 a.m.-12 p.m. Frist Campus Center, Class of 1952 Room

Laboratory Safety Training

April 6 1:30-4:30 p.m. Frick Chemistry Lab, A57

Radioactive Materials Safety

April 11 2-4 p.m. 262 Alexander Street

Bloodborne Pathogens For Researchers

April 11 3-4 p.m. Lewis Thomas Laboratory, Room 222

Intro to Biosafety

April 12 10-11:30 a.m. Lewis Thomas Laboratory, Room 222

Laboratory Safety Training

April 17 1:30-4:30 p.m. Lewis Library, Room 134

Healthy Computing

May 2 1:30-2:30 p.m. Frist Campus Center, Room 208

Laboratory Safety Training

May 4 1:30-4:30 p.m. Carl Icahn 101

Bloodborne Pathogens For Researchers

May 9 3-4 p.m. Lewis Thomas Laboratory, Room 222

Intro to Biosafety

May 10 10-11:30 a.m. Lewis Thomas Laboratory, Room 222

Radioactive Materials Safety

May 14 2-4 p.m. Lewis Thomas Laboratory, Room 118

Laboratory Safety Training

May 15 1:30-4:30 p.m. TBA

Bloodborne Pathogens For Researchers

June 13 3-4 p.m. Lewis Thomas Laboratory, Room 222

Intro to Biosafety

June 14 10-11:30 a.m. Lewis Thomas Laboratory, Room 222
